## Know China

**KNOW THE WORLD's** owners find China one of the most fascinating countries of the many they've seen. They first went to China in 1983. In dozens of trips since, they've seen some of the world's greatest social and economic changes. **Shanghai**, the Congress site, has amazing new buildings besides historic sites. You'll see the results of the change to a market economy. **Guilin** is a small city in Southern China that demands a visit. It is the least changed city from China's past which you'll visit. The Li River's spectacular scenery will enchant you. **Chengdu's** Panda Base is a research and breeding facility aimed at improving ways to conserve giant pandas. China's high-speed train ride will give you an exhilarating experience. In **Xi'an**, China's capital for nearly 1000 years, you'll visit the famed Terra Cotta Warriors, a unique mosque, a pagoda, and China's only intact city wall. In **Beijing**, you'll visit all the iconic sites including the Forbidden City, Tiananmen Square, Temple of Heaven, and the Great Wall. You'll see a city almost totally rebuilt in the last 20 years.
